Band 9 Model Answer to Describe a puzzle you have played IELTS Cue Card

- I think puzzles are a decent method to challenge our minds.
- Since the time I was a child, I have appreciated settling puzzles.
- I was in every case extremely inquisitive and surprisingly used to dismantle and reassemble my toys just to perceive how they functioned.
- My entire family used to do the Sunday paper crossword puzzle together.
- I have additionally done numerous jigsaw puzzles and here I might want to discuss one that I did a couple of years prior.
- On my eighteenth birthday celebration, my companions gifted me a 500-piece jigsaw puzzle.
- Prior to that, I had never settled a riddle with such countless pieces.

- 100 pieces was the greatest I had done previously.
- The jigsaw plan on the crate had an excellent scene with mountains behind the scenes and a lake before it.
- It looked simple yet I when I began doing it, I understood it had a great deal of precarious rehashing designs and comparable shapes and tones.
- It was extremely difficult and in the wake of going through 2 hours on it I was not even mostly done.
- I was happy I was doing it on an end of the week and didn't need to go to class that day.
- I began getting baffled and at one point I needed to surrender it
- I went on vacation and chose to get back on it.
- The break aided, and I could think better and do it quicker.
- I at last figured out how to complete it and altogether, it took me around 5 hours to tackle it.
- I felt an extraordinary pride.
- I was so glad and showed the completed riddle to my family.
- I would not like to split it up and saved it around my work area for a couple of days.
- I revamp this riddle following a couple of months and completed it somewhat quicker.
- I have purchased numerous 500 and more piece's riddles after that yet rather than finishing them in one day, I like to keep them around my work area and work 20-30 minutes on them consistently.

Speaking Part 3 Follow-Up Questions to Describe a puzzle you have played

1. Why do guardians allow their youngsters to play puzzles?

Guardians let their kids play puzzles since they are generally excellent learning instruments and useful for their mental health.

Riddles keep their brains dynamic and working. They assist with working on their focus, their critical thinking abilities, and completing a riddle presents to them a feeling of achievement.

2. What sort of riddles work on individuals' knowledge?

Tackling puzzles is acceptable an approach to practice our cerebrum and keep it dynamic and sharp.

Riddles like Sudoku, Crossword, Jigsaw, Rubik's 3D shape, and so forth can work on our intellectual capacities and lifts our insight.

3. Why are criminal investigator stories alluring to individuals?

I think analyst stories are so well known in light of the fact that it empowers individuals to utilize their creative mind and address the secret.

People have the regular drive to tackle issues and criminal investigator books/films let them do that.

4. Which improve? An analyst film or its unique book?

I think unique books are vastly improved. Books don't have any time restrictions and have more profundity. Films need to catch the whole novel in a couple of hours and some significant parts/subtleties get forgotten about.

Additionally, books are intellectually invigorating and draw in the creative mind more than films as your psyche should picture what's happening.
