- When it was?
- When you needed to use imagination?
- How difficult or easy it was?
- And explain how you felt about it?

Band 9 Model Answer to Describe a time when you needed to use your imagination IELTS Cue Card

- There are a great deal of circumstances when creativity has assisted me with handling tough spots.
- A couple of months, I had gone to Jammu for an assessment.
- However, due to the haze, my train back home got dropped.
- Thus, I chose to go back by transport.
- The transport dropped me at my city's bus stop at around 2 AM.
- I had told my folks that I would be dropping by transport, but since I had left my spotlight on, on my telephone, my telephone battery had kicked the bucket.
- Thus, I was unable to hit my folks to get me when I arrived at the bus stop.
- What's more, as a result of mist, my folks likewise couldn't assess when the transport would really arrive at my home city.
- Along these lines, I had to stroll back alone around evening time.
- As of now, I saw a few outsiders strolling towards me.
- I felt that their aims were wrong, and I was truly stressed.
- At that point, I utilized my creative mind and took out the telephone, and began talking noisily on the telephone.
- I realized that my telephone was dead, yet they didn't realize that the telephone was dead.
- As they came nearer, I began saying that I am not far off.
- As they heard this, they moved back, and I utilized this chance to run a close by day in and day out store.
- Once inside, I acquired the telephone from the business representative and hit my folks to get me.
- The entire time my heart was thumping uproariously.
- It was an extremely startling circumstance.
- On seeing my dad and mom, I at last took a colossal murmur of alleviation.
- My dad disclosed to me that he was truly glad for my good judgment and a many individuals revealed to me that they wouldn't have had the option to think and react quickly as I did.

Speaking Part 3 Follow-Up Questions to Describe a time when you needed to use your imagination

1. Do you figure grown-ups can have loads of creative mind?

I don't think creative mind relies on age. The two kids and grown-ups can envision things. Interestingly, youngsters are not limited by genuine information in their creative mind.

In this way, kids can now and then envision totally incomprehensible things.

2. Do you think creative mind is vital for researchers?

I think all logical disclosures are tied in with taking a gander at something from some other point of view. Thus, creative mind is absolutely significant for researchers.

Many would have seen an apple tumble from a tree before Newton, yet he was the first to relate it to a power.

3. What sort of occupations need creative mind?

I think the greatest field with needs creative mind is science. Then, at that point, one more field in which I believe is being a dream creator.

A dream creator essentially puts down his creative mind on a piece of paper. I think some about the renowned dream creators like Tolkien or JK Rowling are a portion of individuals with a perpetual creative mind.

4. What subjects are useful for individuals' creative mind?

I figure writing can be extremely useful to foster creative mind. I read Alice in Wonderland was so energizing. It was my first time perusing a dream novel and I just couldn't put it down.

Subsequent to perusing every part, I used to contemplate what might occur straightaway, and that thus was only practicing my creative mind.
